Date: 2009 - 11. With the new high school curriculum standard of steady progress, the various versions of the new curriculum materials, a variety of supplementary information for teachers and students to provide more extensive teaching resources, there is inevitably the phenomenon of cohabitation. In view of this, we organized the college entrance examination in the past six years to train for the Beijing champion, and a large number of top five students in the High School Affiliated to Renmin University of China the teacher teaching and research of various disciplines, based on the new curriculum reform RDFZ teaching practice lessons and Guangdong Province change experiments and research, according to PEP new curriculum materials, prepared a new high school curriculum standard textbook synchronization guidance and training books. Bentacongshu through dozens RDFZ grade teacher and the Guangdong Provincial Department of Education Department of strict control of experts, and other schools after the trial RDFZ, practice proved that this is a more focused on excellent teaching and learning science case, it not only to help students master the content knowledge, social awareness, attention to life, expand horizons and improve thinking ability, but also to help teachers of students from various test conditions. In the preparation process, Bentacongshu sought to highlight the characteristics of the following aspects: 1. Emphasis on explaining the basics of each lesson and exercises are the basis of knowledge as to the main content for students to grasp through reading and practice to master the basic knowledge syllabus requirements. Each class have an interactive learning research, champion notes, wrong title and other special sections, from multiple perspectives to help...
