Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Rural School Sanitation: Including Physical and Mental Status of School Children in Porter County, Indiana Because of the recognized importance of school hygiene to public health and on request of the Indiana State Board of Health and the Porter County, Ind., health and school officials, a sanitary and medical survey of the rural schools of this county was made by the Public Health Service and completed on May 10, 1915. This investigation included a sanitary survey of school locations and buildings, a study of the physical fitness of rural school children, and mental tests of these children. On the basis of the results obtained recommendations were made to the health and school authorities of Porter County. It is believed that many of these are of general applicability, and they are, therefore, included in the following report of the results obtained in this investigation.
