Filesize: 5.26 MB

Reviews

*This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.
(Miss Vernie Schimmel)*

AMERICAN CATCH: THE FIGHT FOR OUR LOCAL SEAFOOD

BRILLIANCE AUDIO, United States, 2015. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. Bestselling author of Four Fish Paul Greenberg looks to New York oysters, gulf shrimp, and Alaskan salmon to tell the surprising story of why Americans no longer eat from local waters In 2005, the United States imported twelve billion dollars worth of seafood, nearly double what we had imported ten years earlier. During that same period, our seafood exports rose by a third. In American Catch, our foremost fish expert Paul Greenberg looks to New York oysters, gulf shrimp, and Alaskan salmon to reveal how it came to be that 91 percent of the seafood Americans eat is foreign. As recently as 1928 the average New Yorker ate six hundred local oysters a year. Today, the only edible oysters lie outside city limits. Looking at the trail of environmental desecration, Greenberg comes to view the New York City oyster as a reminder of what is lost when local waters are not valued as a food source. To understand the complications of our current moment, Greenberg visits the Gulf of Mexico. He arrives expecting to learn of the Deepwater Horizon oil spill s lingering effects on shrimpers, but instead finds that the more immediate threat to business comes from overseas. Asian farmed shrimp cheap, abundant, and a perfect vehicle for the frying and sauces Americans love have flooded the American market. Finally, Greenberg visits Bristol Bay, Alaska, home to the biggest wild salmon run left in the world. A pristine, productive fishery, Bristol Bay is now at great risk: The proposed Pebble Mine project directly endangers the sockeye salmon s habitat. In his search to discover why this precious renewable resource isn t better protected, Greenberg discovers a shocking truth: 70 percent...
