1st World Library, United States, 2006. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Truth, said Lord Byron, is stranger than fiction. He was right, for so it is. Another has declared that if any man should write a faithful history of his own career, the work would be an interesting one. The question now arises, does any man dare to be sufficiently candid to write such a work? Is there no secret baseness he would hide? - no act which, proper to be told, he would swerve from the truth to tell in his own favor? Undoubtedly, many. Doubtless it is well that few have the resolution or inclination to chronicle their faults and failings. How many, too, would shrink from making a public display of their miserable experiences for fear of being accused of glorying in their past shame, or of parading a pride that apes humility. I pretend to no talent, but if a too true story of suffering may interest, and at the same time alarm, I can promise matter enough, and unembellished, too, for no embellishment is needed, as all my sketches are from the life. The incidents will not be found to be consecutive, but set down as certain scenes occur to my recollection - heedless of order, style, or system.
