Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

(Dr. Kayden Gerlach)

NATURAL RESOURCES AND ENVIRONMENT: FIVE LATIN AMERICAN COUNTRIES CONTROLS OVER THE REGISTRATION AND USE OF PESTICIDES: T-RCED-90-57

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 24 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. GAO discussed five foreign governments regulatory controls over the registration and use of pesticides. GAO found that: (1) each of the five countries had laws and regulations controlling pesticide availability and use; (2) government monitoring and enforcement activities in all of the countries except one were generally limited; and (3) resource constraints limited the governments ability to obtain information on U. S. pesticide requirements and disseminate it to export growers. GAO also found that each country: (1) prohibited registration for pesticides that the Environmental Protection Agency (EPA) cancelled or suspended; (2) required registrants to submit a certificate of free sale from the country of origin stating that the pesticide was legal for use; (3) used international maximum residue limits to establish the amount of acceptable pesticide residue on foods; (4) provided for reregistration reviews and procedures to revoke registration when adverse health, safety, or environmental factors became known; and (5) experienced no-tolerance violations on produce exported to the United States because U. S. tolerances had not been established for those specific crops. This item ships from La Vergne, TN. Paperback.
