Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Percussina Forlag, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.The Prince 2.0 is a book about political power, and how to win elections, presented as revelations from the greatest political expert of all times Niccolo Machiavelli. The Prince 2.0 is like no other book on politics. What others criticize Machiavelli may praise if it gives political power, as he did in his book The Prince 500 years ago. It became world famous through its groundbreaking advice on what gave political success, which was not always moral and righteousness;-). With all due respect for the democratic system it is still true today. Good politics, good intentions, good faith is not enough. If politicians are confronting opponents, representing the opposite of these qualities, or with greater insight into the political game, they will be falling short. If you are at all interested in politics, the Prince 2.0 is a book for you. Machiavelli explains the inner workings of politics often supported by scientific findings drawn from various academic disciplines. He describes factually and without passion dubious political practices, handing out his very special advice on how politicians should act to gain power, and win elections. If you have read Machiavelli before The Prince 2.0 is a welcome return. Machiavelli shares his experiences and observations interspersed with memories of the 1500s Florence. You will recognize many chapter headings, quotes, and philosophies of Machiavelli from The Prince, for example when he speaks about the truth. 500 years ago, Machiavelli wrote about ancient Rome and Florence. In The Prince 2.0, the focus is on Sweden because of the very nature of its society, which could possibly be the very nature of other western societies - including the USA - in a...
