Following in the successful footsteps of the groundbreaking Boat Maintenance Bible and Boat Repair Bible this new title in this popular series of all-encompassing technical reference bibles presented in an accessible, modern and attractive way is sure to be the boater s godsend. Electrics are a notoriously tricky aspect of boat ownership and maintenance - both critical to the operation of the yacht or motorboat and prone to breaking down in the damp atmosphere and bouncy conditions. This is the book that will take owners through all the likely problems and solutions including making new installations of equipment, reviving an old boat and correcting electrical faults on their current craft. Equally useful for yacht or motorboat owners and illustrated with helpful photos, detailed close-up shots, step by step exploded diagrams and instructions, this is a book every owner should keep aboard.
