New Generation Publishing, United States, 2006. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.One decision can change the course of your life forever. For Oliver Simpson, only child of wealthy Chicago parents, that decision is to defy his domineering mother and study botany, a passion for which he shares with his beloved father. A golden opportunity to further his research in the rainforest in Africa prompts him to leave behind all that is familiar and set sail for the Dark Continent. Longing to embrace the native way of life and determined to undertake an exploratory expedition into virgin jungle, he ignores the tales of cannibal natives, predatory animals and inhospitable conditions, but is ill prepared for the most dangerous challenge of all: the ability to navigate in the rainforest. Lost and presumed dead, good fortune ensures his survival, even acceptance, amongst those same much-feared natives until his return to Chicago ten years later, a rich man with an insatiable sexual appetite and a penchant for black women. There he discovers an urban jungle, where prostitution, gangland crime, arson and murder are rife; a place possibly more dangerous than the virgin jungle in Africa.
