*****.This book gives educators important answers to the urgent

question of how teachers and schools can facilitate language

minority and immigrant students progress in school. It offers an

innovative and powerful method teachers and students can use

to study the situational context of education, providing both the

theoretical background and the practical tools to implement this

approach. The situational context of education includes

linguistic, economic, social, cultural, and political factors, as well

as conditions, such as students personal characteristics, family

support, and quality of instruction. All of these factors influence

the lives of students and their academic performance and

contribute in many ways, some subtle and indirect, to making

the educational experience more or less difficult for different

students. The premise of the book is that objective study of the

situational context of education by both students and teachers is

beneficial because it leads to a more realistic view of how to

facilitate students progress in school. Designed as a text for

graduate courses for preservice and in-service teachers working

with students in bilingual,...
