Starting Fires Without Matches (Starting Fire Book) Imagine that you re traveling somewhere and your plane crashes, but you survive. Or that your electricity goes out at your home and it s a cold winter out. Or maybe that you went camping far into the wilderness but realize that you forgot to bring matches ans the lighter that you brought turned out to have no gas in it. One of the most essential tools that mankind has ever discovered has been the discovery of fire. Fire is there to keep us warm. To cook our food. To bring light in the darkness. It does so many other useful things that we need and take for granted on a daily basis that we re completely unaware of. until we no longer have those modern conveniences and find ourselves cold, hungry, and in the dark. This book will teach you 10 basic techniques-- both ancient and modern-- to start fires without matches or convenient tools.
